PRODUCT INFORMATION

OLD MASTERS® LEMON OIL

Use OLD MASTERS® LEMON OIL to restore moisture and beauty to interior surfaces such as wood paneling, cabinets, doors, ranges, refrigerators, marble, tile and fine furniture. LEMON OIL, a blend of lemon oil and other penetrating oils, replaces natural oils and moisture lost by wood over time. Its non-greasy formula contains no beeswax, linseed oil or silicones to cause buildup or darken wood finishes. It moisturizes as it cleans, eliminating the need for waxes or polish as it helps the wood resist cracking, peeling, and discoloring.

DIRECTIONS FOR USE: Dampen a soft, clean cloth with OLD MASTERS® LEMON OIL. Wipe wood surface thoroughly, removing any excess. Use LEMON OIL regularly on wood surfaces to restore moisture and help prevent drying and cracking.

CAUTION

Keep away from heat and flame. Avoid prolonged contact with skin and breathing vapor or spray mist.

Do not take internally. Close container after each use.

Use only with adequate ventilation.

KEEP OUT OF REACH OF CHILDREN.

Limited Warranty

Since Old Masters® does not control the application of its products, nor the condition of the surfaces to which they are applied, a Limited Warranty is provided. If the products do not perform as specified, for whatever reason, Old Masters® liability will under no circumstances exceed replacement of the product.
